

How the treasure hunt works

- 1** Pick one of the four routes: ages 4 to 6 or 7 to 9, indoors or outdoors. The places are listed on page 3.
- 2** Print the nine cards of the route and cut them out.
- 3** The children get card 1 at the start. You hide cards 2 to 8 at the places on the list: card 2 at the first place, card 3 at the second, and so on.
- 4** Card 9 lies at the eighth place. Write down where the treasure is and have it ready.
- 5** For the little ones, a grown-up reads aloud. The pictures on the cards show every place.

Good to know

- Eight places take about 20 to 30 minutes.
- Each route uses different places, so indoors and outdoors can be combined.
- Coins (page 9) as a reward at every place, certificate (page 10) at the end.
